Algorithm Inc.
Kigali city, Kimihurura

Dear CEO,

I wrote this letter with the interest of applying for internship in your company. I have heard and read some articles about Algorithm Inc. as one of few successful software companies in Rwanda, which mean as a Professional it is a right place that can help me to improve my knowledge in software development.

I'm currently fresh graduate at University of Rwanda and I'm looking for a favor to attend the internship in your company and I believe I have ability needed to get in.
Supporting documents are attached to this letter.

Thank you!
I'm looking forward hearing from you.
Sincerely,

TUYIZERE Andre
